Financial Literacy Book Club

Purpose

The goal of this book club is to aid Centenarians and the community in becoming better stewards of their financial resources by reading books and articles that deal with important financial topics, including wealth building, investing and personal finance management.

Guidelines for the Book Club

- Please read the book before we meet, so that we can have active discussion that involves everyone.
- Each month, we will have a different facilitator to lead the discussion of the book to ensure that we are able to see the information from a variety of perspectives.
- Remember to respect everyone's opinion during the discussion. There are no "correct" opinions.
- Continue to keep an open mind and continue to learn.

"In a time of drastic change it is the learners who inherit the future. The learned usually find themselves equipped to live in a world that no longer exists."

—Eric Hoffer
